All events sponsored by the University of Minnesota require participants to be fully vaccinated and masked when attending events, whether on campus or in rented facilities. In order to attend the Summer Institute, participants will therefore be required to:

- Show proof of vaccination via hard copy or electronic image
- Be masked when in indoor group settings

Unvaccinated individuals will be required to:

- Show record of approved abstention
- Bring proof of a proctored, negative COVID test taken 24 hrs. prior to checking in to the Summer Institute

CEED organizers and SJU will make every effort to maintain safe distances among attendees as able. We will also have hand sanitizer available in all session rooms and break stations.

PLEASE NOTE: These requirements are subject to change, given the unpredictable path of the virus. If new variants arise between now and June 20 that suggest serious health threats to attendees, the decision to hold the Summer Institute in person will be revisited.
