Parent Resources

Do you have questions or concerns about your child's health or development?

Visit: www.cehd.umn.edu/icd/

Other helpful resources:

Center for Neurobehavioral Development (CNBD)

The mission of the CNBD is to understand how brain development affects the way children think, feel and express emotions. Center research focuses on typically developing, atypically developing and at risk children. The CNBD is not a clinic, but it does offer great resources for developmental problems and school and behavioral problems.

Phone: (612) 624-5600 Web: <http://www.cehd.umn.edu/cnbd/community>

Autism Spectrum and Neurodevelopmental Disorders Clinic

University of Minnesota Physicians provide comprehensive care services for children and adolescents (infants to age 18) that have an autism spectrum disorder (ASD). The program has a multidisciplinary team of clinicians, researchers and families who collaborate to provide best practice in care for children with an ASD.

Phone: (612) 625-3617 Web: <http://www.umphysicians.org/Clinics/autism-spectrum-and-neurodevelopmental-disorders-clinic/>

University of Minnesota Amplatz Children's Hospital

The University of Minnesota Amplatz Children's Hospital provides a broad spectrum of pediatric programs. Amplatz is also home to Minnesota's only children's behavioral inpatient unit and programming exclusively devoted to children ages 12 and younger.

Parent Resources

Help Me Grow Minnesota

Help Me Grow provides resources for families to look at developmental milestones, to learn if there are concerns, and to take the lead in seeking additional support or in referring their child for a comprehensive, confidential screening or evaluation at no cost.

Minnesota children from birth to five-years-old, if found eligible, can receive services in their home, child care setting or school. These services are free regardless of income or immigrant status.

Help Me Grow is an interagency initiative of the State of Minnesota Department of Education, Department of Health and Department of Human Services) partnering with all local service agencies.
